DIGGERS 2010 Season

Welcome to another season of VBL- Diggers Club Volleyball. We hope to continue a tradition of success, built on the philosophy that every player has the potential to achieve the best that they can be.

As we begin another season of USA Junior Olympics Volleyball, I would like to take this moment to introduce you to our Club, VBL Diggers. It has been a short history for Diggers. In that short period of time, we have developed a program rich in accomplishments. We have grown since 2005 and are proud of the fact that well over 150 young athletes were able to participate in club volleyball last season because of Diggers.

Through our growth, we have learned a tremendous amount of valuable lessons. The most important is that the spirit of a young athlete should always be allowed an opportunity to flourish. Although we understand the value of intense competition and unyielding dedication to a sport, we feel that there are many clubs and organizations out there that can accomplish those things. We want to be able to offer **ALL** athletes, regardless of their pursuits, the opportunity to learn and enjoy the game of volleyball. This however does not mean that we are not committed to a strong and vigorous volleyball program. We **ALWAYS** push our players to become the best that they can be. We **WILL** provide them with all the instructions and training necessary for them to accomplish their goals. We are first and foremost a Club rooted in the belief that the Club experience should be made accessible to everyone who is committed to learning the game of volleyball. It is with that in mind that we have started Diggers.

*** For the 2010 Club Season, we are forced to update our uniforms due to the fact that it is very difficult to find the same model year after year. USA Volleyball's competition rules states that all uniform must be of the same coloration. It is difficult to color match the colors of the uniform when they are discontinued. I apologize for this inconvenience. I will do my best to make sure that whatever uniform that is chosen, it will give us another 4-5 years of use. Thank you for your understanding on the matter.*
